## HOBBIES

- Reading
- Gamming

## SUMMARY

**Enthusiastic** BCA student with strong skills in **Data Structures, Algorithms,** and **Full Stack Development.** Experienced in building scalable web applications using **React** and **backend technologies.** Proficient in **problem-solving** and transforming complex ideas into seamless, **user-friendly solutions.** Eager to apply my technical expertise to real-world projects and contribute to innovative development.

## SKILLS

- Proficient in Java
- Problem-Solving
- Team work and Collaboration
- Data Structure and Algorithm
- MERN Stack
- Python Programming (Basic)

## EXPERIENCE

### Full-Stack Development Intern

#### EY Internship Program | Duration: 6 Weeks (Mar 2025 - Apr 2025)

- Built a Food Delivery App like Zomato using the MERN Stack (MongoDB, Express.js, React.js, Node.js).
- Developed a responsive frontend, secure backend, and an **Admin Panel** for managing orders and us.
- Integrated user authentication (JWT), payment processing, and real-time updates.
- Deployed on Render (backend), Vercel (frontend), and maintained on GitHub.

## ACHIEVEMENTS

- GeeksforGeeks Problem-Solving Profile.
- High-rated Profile with a strong performance in competitive coding and problem-solving challenges.
- Successfully completed a Python and Power BI workshop by Edureka Learning Center (16th-20th December 2024), demonstrating strong research, problem-solving, and collaboration skills.

## PROJECT

- Portfolio Website.
- Voice-Activated Desktop Assistant.
- Food Delivery Website.
- Developed a Python-based user authentication system using **Tkinter** for GUI and **MySQL** for database management.
- Weather App.

## ADDITIONAL SKILLS

- Languages: [C++, C, HTML, CSS, JavaScript ].
- Technical Acumen: Experienced in object-oriented programming.
